VET Teacher training in Spain

PLA - Madrid, April, 2019

Vocational Education and Training

VET teachers

Organic Law for Education, 2006

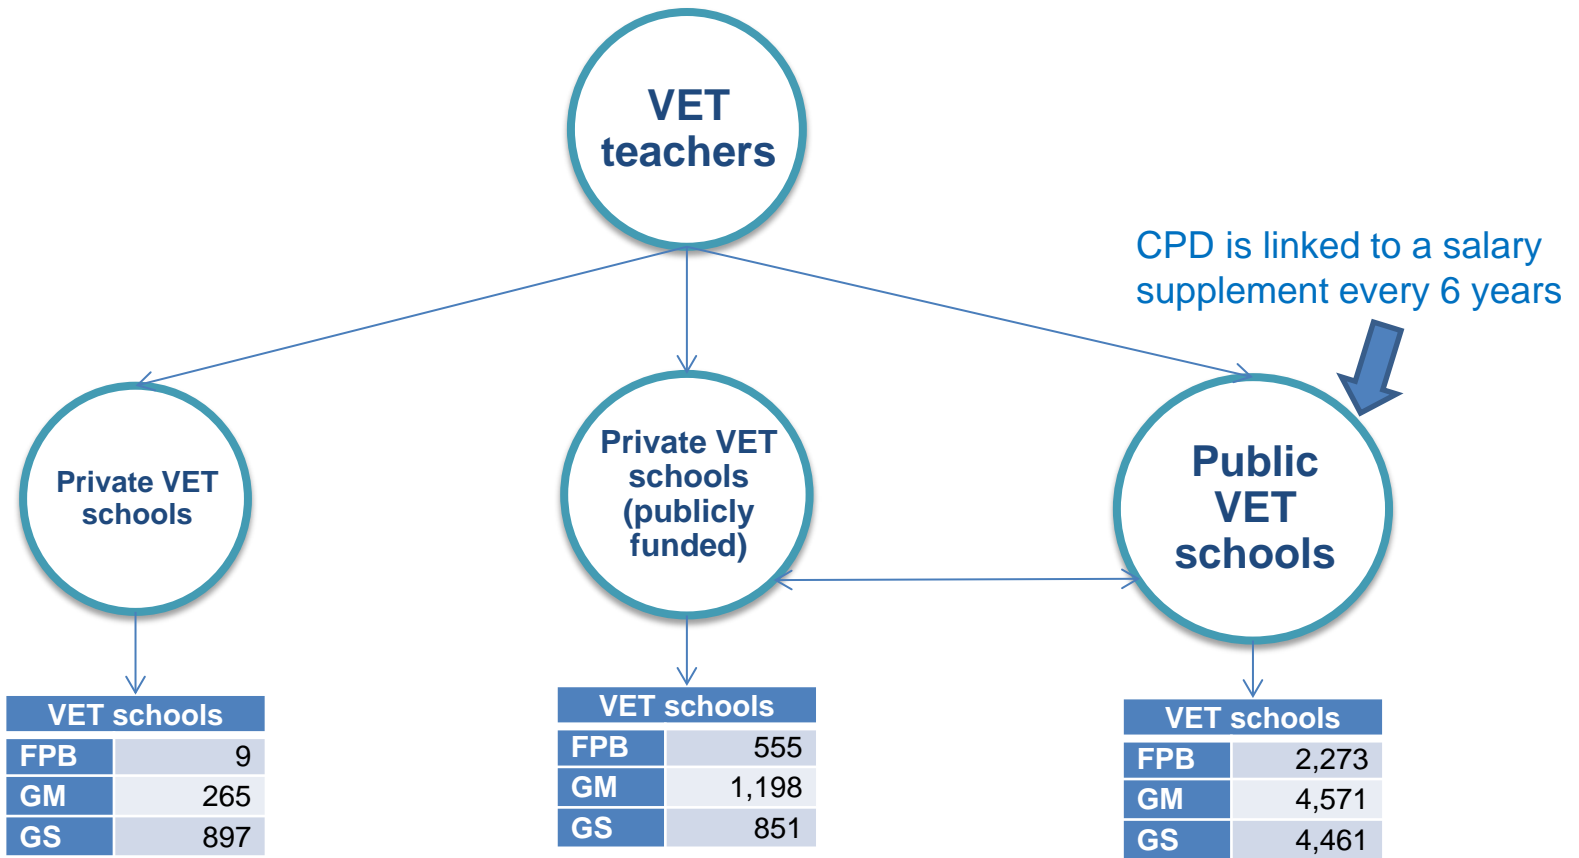

“Permanent teacher training is a **right** and an **obligation** for all teachers and the **responsibility** of the Educative Administration”

VET teacher training is a **complex** system

National and regional educational governments establish their priorities and guidelines

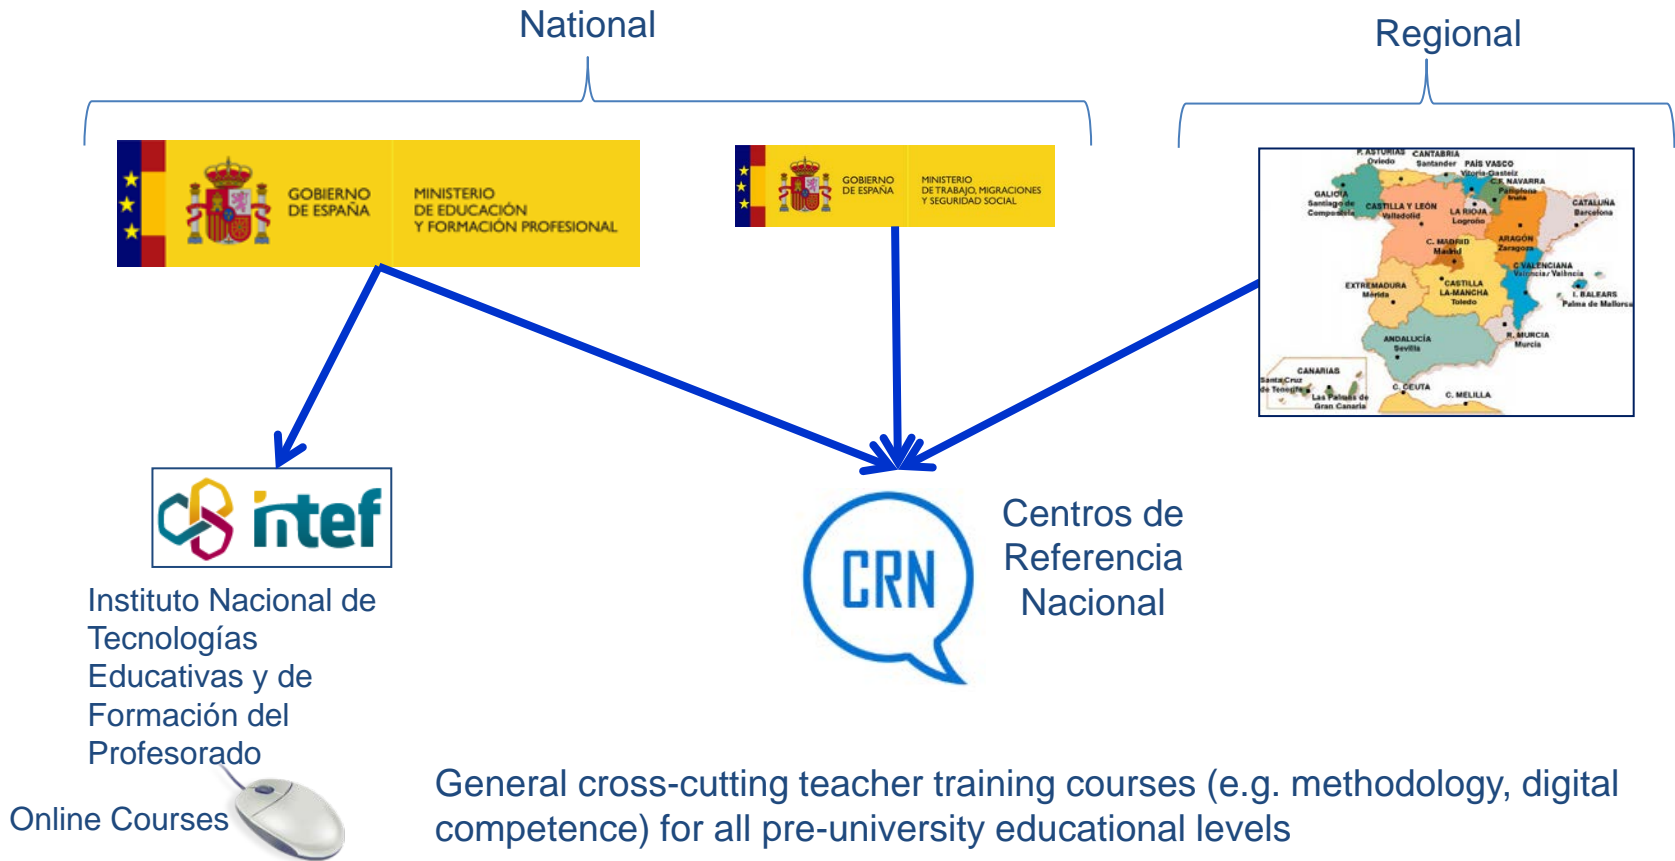

VET teachers & schools

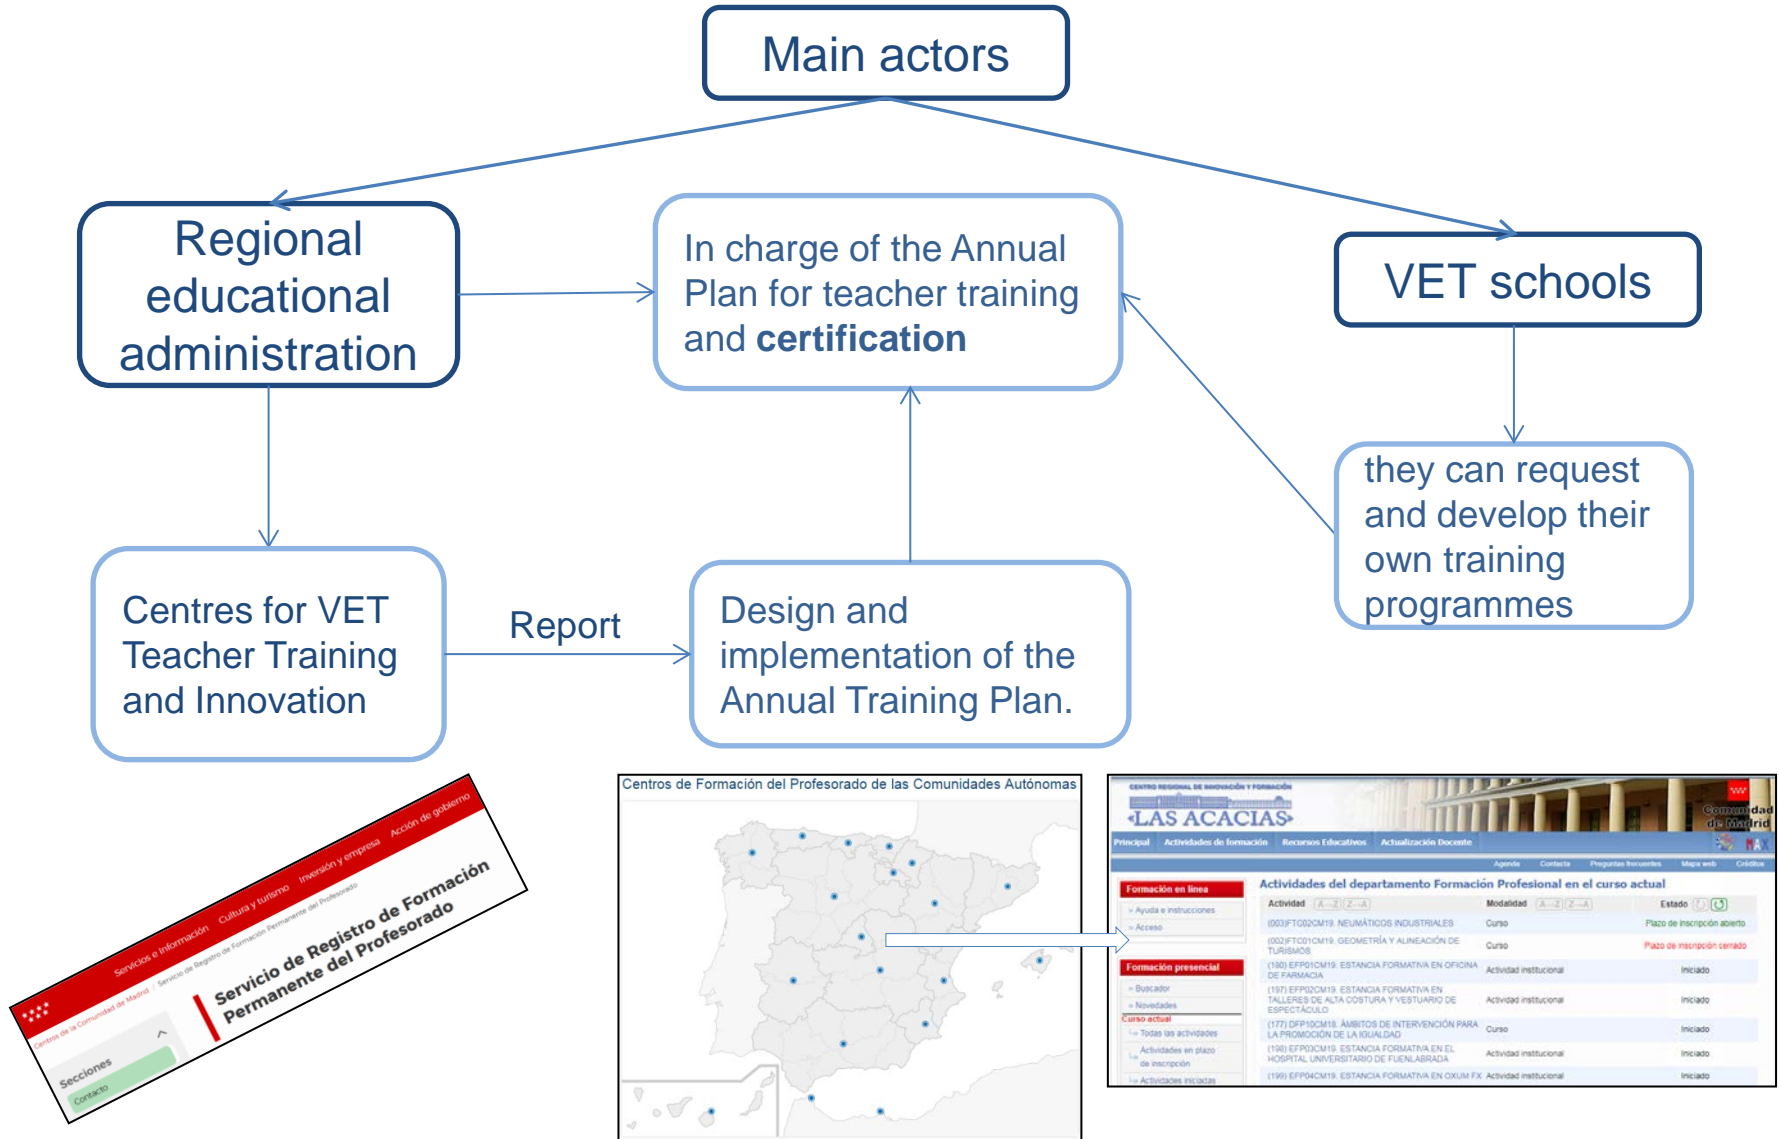

⇒ A same educational centre can offer two or more iVET levels

CPD for VET Teachers

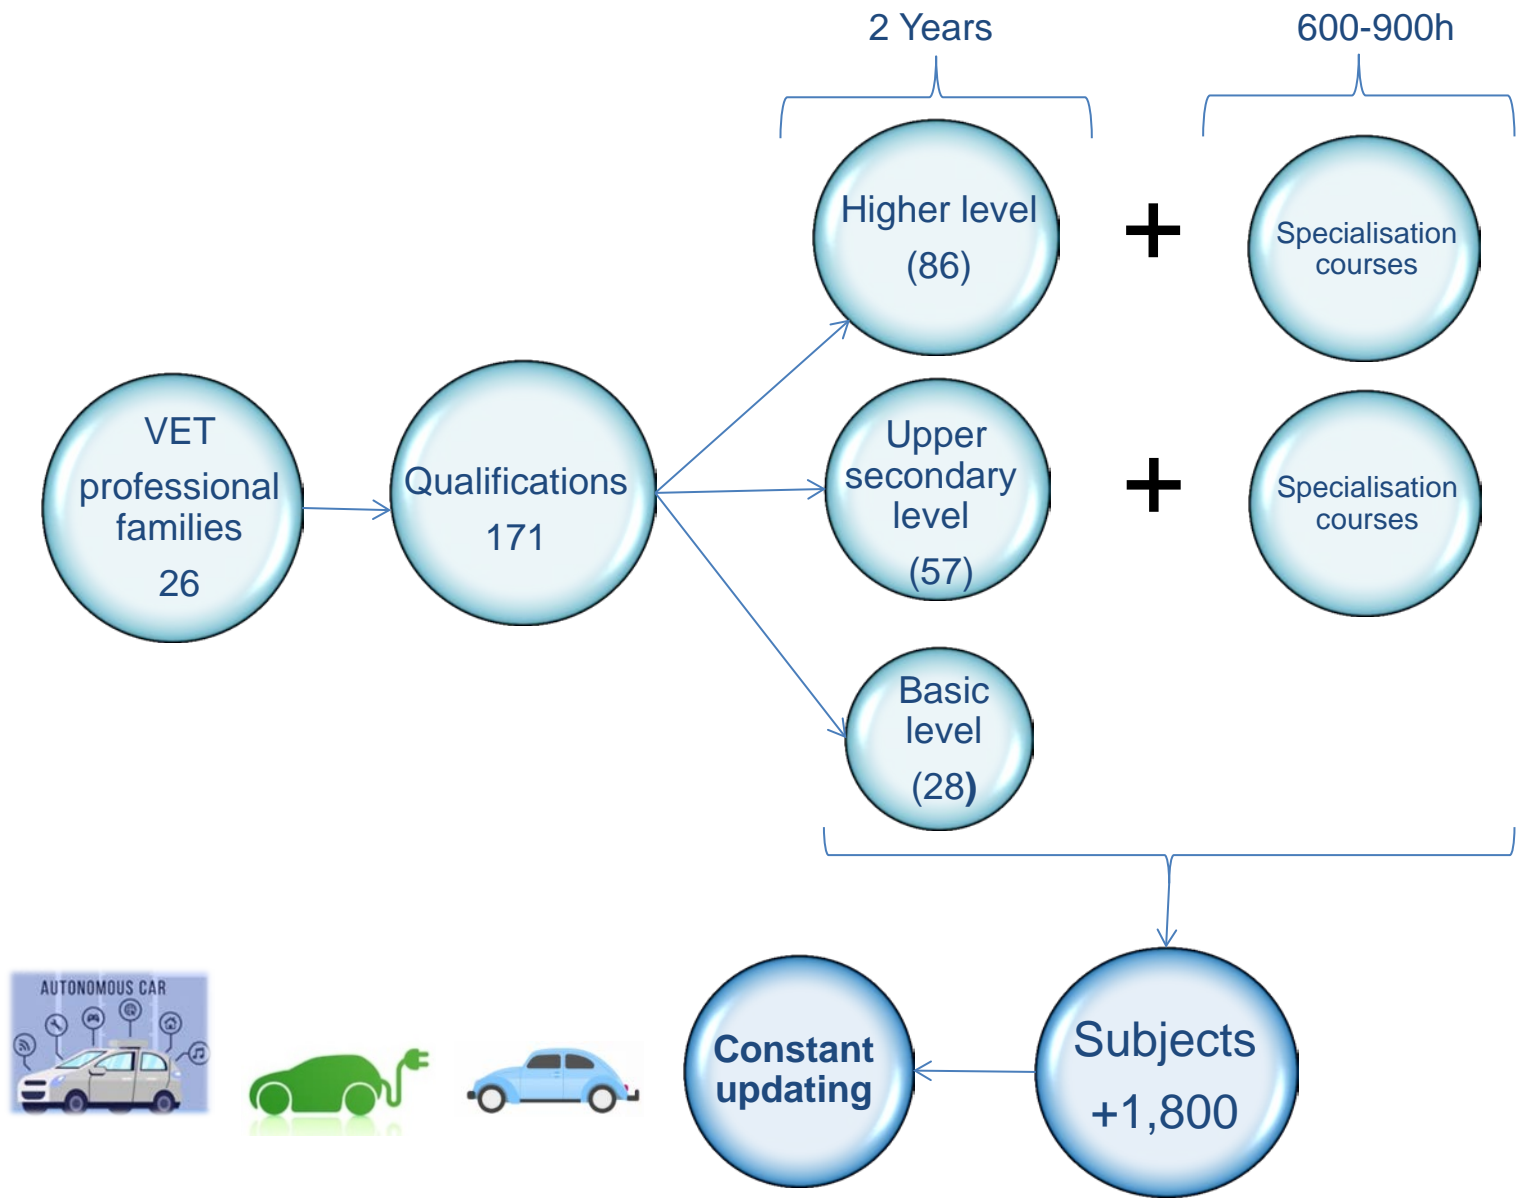

- The role of teachers has become increasingly complex.
- Teacher training is a key priority to:
 - support teacher competences.
 - enhance the quality of teaching and learning

Room for improvement

Education Administrations
National + Regional

- Involve a greater number of teachers in the detection of training necessities
- anticipate needs
- generate and share a database of speakers
- Training for those advisors responsible for the design of the Annual Training Plan
- Evaluate the impact of training in the transformation of the educational centres
- Include the learner's perspective into the assessment
